

GOD'S NOT DONE

yet

STRATEGIC GROWTH INITIATIVE

Create

Spaces and opportunities to
learn and engage.

Elevate

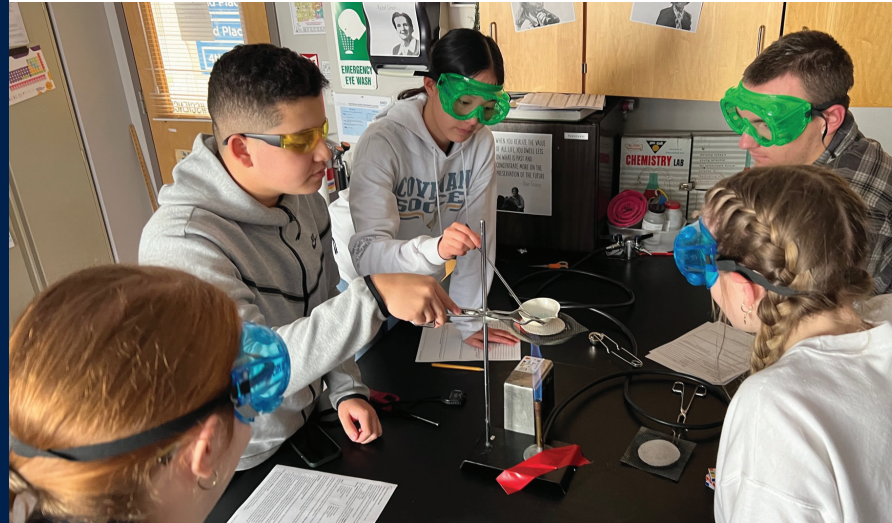

CCA's classical approach to education in the
classroom and beyond with the resources and tools
we can offer through our Academic Support Center,
enhanced Fine Arts program, and science labs.

Inspire

Our students to think critically, serve
selflessly and lead boldly, and become
who God designed them to be.

Create. Elevate. Inspire.

Without question, God is working in and through Covenant – continuing to build His Kingdom – and we embrace the change and excitement that comes with such growth. We look forward to opportunities the Lord gives us to expand Covenant’s impact. To that end, we seek to increase our physical capacity to “catch up” to program and enrollment growth and **provide for another 25% future enrollment growth.**

In November 2022, Covenant launched an important strategic growth initiative named **“God’s Not Done Yet!”** This 5-year, **\$15 million initiative** recognizes God’s past faithfulness and His clear desire to enhance our ability to develop future Christian leaders equipped with truth to do His work.

AMOUNT TO RAISE:

GNDY:

\$15,000,000

Charis Fund:

\$15,000,000

Total 5-year investment:

\$30,000,000

We are excited that an anonymous donor has agreed to **match every donation and pledge made to the GNDY campaign**, not to exceed \$500,000 of their funds. What a privilege CCA has to receive such consistent, loving, and generous stewardship from our Covenant community!

Specifically, “God’s Not Done Yet” will advance Covenant’s mission in the following three phases through:

Phase I (completed September 2023)

- Constructing an Academic Enrichment Center.
- Adding new Logic School classrooms, administrative offices, science labs, and teacher workspaces.
- Creating new art rooms, music classrooms, and music practice rooms/future recording studios.

Phase II (expected completion by 2028):

- Developing a USLR Academic Enrichment program.
- Completing the Fine Arts wing with additional visual art and music spaces and classrooms.
- Adding Rhetoric School classrooms and mixed-use space for our Grammar School.
- Creating faculty and staff meeting space and workrooms.
- Repaving entire parking lot.
- Replacing aging HVAC system.

Phase III (expected completion by 2028):

- Constructing an auditorium to serve our Fine Arts, Chapel, and community programs as they continue to grow and thrive.
- Acquiring exclusive rights to Kennedy Fields from the City of Peabody in exchange for building the City new fields for their use.
- Fully funding Covenant’s “Charis Fund,” an endowment with the purpose of making CCA’s educational experience more accessible and ensuring that CCA serves generations to come.

We need your support to carry Covenant’s mission deeper and wider than ever before. Please consider making a donation or a pledge today!
